QUAKER VALUES

Simplicity We try to make students aware of leading simple and moderate lives through practical examples and projects.

Peace Teachers help each child to see the different points of view in any conflict and to work out a solution acceptable to all parties.

Integrity We encourage personal honesty as the underlying theme of all human relationships. Students learn to be responsible for their own actions.

Community Our students care for their community by singing for the elderly, recycling and collecting funds for charities such as UNICEF and Interfaith Food Center of Whittier.

Equality We sustain an inclusive community that promotes diversity and equality in all forms - in race, religion, ethnicity, gender, socioeconomics, sexual orientation, as well as learning style and opinion. Children, their parents and staff are encouraged to share their concerns so that each person feels part of the school.

QUAKERS BELIEVE:

*Religion involves a personal encounter with God, which happens differently for different people.

*Each individual has worth, dignity, freedom and responsibility before God and personal conscience.

*Our worship is a personal, positive act of seeking.

*The power of love and reconciliation are a way of life that makes hatred and violence impossible.
